

Kasasa® Account Cycle Schedule

For Kasasa® accounts, please note the distinction between the Monthly Qualification Cycle and the Statement Cycle. All transactions must post & settle before the cycle end date to meet the account's specification requirements. Refer to your account's Truth In Savings disclosure for your account's specific qualification requirements. Transactions bundled together by a merchant as a single transaction will count as a single transaction for the purpose of your account's transaction requirements to earn rewards. Transactions may take one or more days to settle to the account. These transactions will be counted toward the cycle they post within.
